WASHINGTON, D.C.

WAS	HINGTON, D.C.	RECEIVED	
In the Matter of)	NOV 17 1998	
Amendment of Section 73.202(b), Table of Allotments, FM Broadcast Stations.)) MM Docket) RM)	"SIERAL COMMUNICATIONS COMMUNICATIONS NO. OFFICE OF THE SECRETRRY	
Belfield, North Dakota)		

To: Chief, Allocations Branch, Mass Media Bureau

PETITION FOR RULE MAKING

High Plains Broadcasting, Inc. ("HPBI"), by its attorneys and pursuant to Section 1.401 of the Commission's Rules, respectfully requests that the Commission institute a rule making proceeding to allot Channel 230C1 to Belfield, North Dakota.

As set forth in the attached Technical Exhibit, which is incorporated by reference herein, this proposal will serve the public interest. The allotment of Channel 230C1 to Belfield, North Dakota, will provide that community with its first local aural transmission service. Belfield, a census designated city of 887 persons, see 1990 Census of Population and Housing, North Dakota at 37 (1993), is located 20 miles west of Dickinson. The community, which elects its own mayor and city council and has its own zip code and post office (58622), operates its own school and its own police and volunteer fire departments. Commercially, Belfield has a number of business enterprises, including Belfield Builder's Supply, Belfield First National Insurance Inc., Belfield Plumbing & Heating Inc., Bob's Oil Field Service, Cap's Food Center, at least two banks, two auto supply shops, one hair stylist, one auto repair shop, and several bars or restaurants. At least three religious denominations maintain buildings and services in Belfield, including the Belfield Lutheran Parish, St. John's Ukraine Catholic

No. of Copies rec'd O+2

Church, and St. Bernard Roman Catholic Church. In addition, Belfield has its own social organizations, including a Chamber of Commerce, an American Legion group, a Masons chapter, and the Knights of Columbus. Under Commission precedent, the presence of these civic, business, religious and social indicia demonstrate that Belfield is a community deserving of its own aural transmission service. *See, e.g., Report and Order (Hannahs Mill, Milledgeville and Perry, Georgia)*, 6 FCC Rcd 3753 at ¶ 9 (1991). That the local phone book has a section entitled Belfield confirms this result. *See* attached.

The above proposal would enable Belfield to obtain its own FM broadcast service and would provide a means of entertainment and information for its residents. If the above proposal is approved, it is HPBI's intention to apply for the above allotment promptly and, once granted, to implement construction as quickly as possible.

Accordingly, it is respectfully requested that the Commission issue a Notice of Proposed Rule Making as herein requested and thereafter adopt such a proposal.

Respectfully submitted,

HIGH PLAINS BROADCASTING, INC.

IN SUPPORT OF A
PETITION FOR RULE MAKING
TO AMEND THE FM TABLE OF ALLOTMENTS
BELFIELD, NORTH DAKOTA

Technical Narrative

This technical narrative and associated exhibits have been prepared in support of a Petition for Rule Making to amend Section 73.202(b) by the allotment of channel 230C1 (93.9 MHz) to Belfield, North Dakota.

Proposed Change in Table of Allotments

It is requested that Section 73.202(b) be amended by the allotment of channel 230C1 to Belfield, North Dakota. Belfield is located in Stark County, North Dakota and has a 1990 U.S. Census population of 887 persons. Belfield has no local FM stations and no local AM stations. Therefore, Petitioner's proposal would be a first local FM broadcast service and first local aural broadcast service to Belfield. The proposed changes are as follows:

City	Present	Proposed
Belfield, North Dakota		230C1

The proposed channel 230C1 reference point is located 236 km from the nearest point of the U.S.-Canadian border; therefore, coordination with Canada may be necessary.

Compliance With FCC Rules

The attached Figure 1 is a tabulation of required separations pertinent to use of channel 230C1 at Belfield. As shown, the reference coordinates comply with the Commission's minimum distance separation requirements contained in Section 73.207 with respect to all existing, authorized and proposed stations and allotments.

Figure 2 is a map showing the area to locate channel 230C1 at Belfield in compliance with the Commission's minimum distance separation requirements and city coverage requirements based on maximum Class C1 facilities (ERP 100 kW/HAAT 299 m). The Belfield city limits shown on Figure 2 were obtained from a map contained in the 1990 U.S. Census of Population.

Conclusion

Channel 230C1 can be allotted to Belfield, North Dakota in compliance with all applicable Commission Rules.
